

The chart below suggests types of cordage to be used based on intended use of a specific bailer, load restriction(s), ease of attaching, and functional comfort to meet general bailing protocol.

PREFERRED CORDAGE					Breaking Strength
◦ Rope ◦				RPT 1200	Heavyweight
Aqualine	AL 250/AL 500/AL 1000				Middleweight
◦ Twine ◦	TNT 225 / TNT 800				Lightweight
	TNB 250				
BAILER DIAMETER	0.5"	0.75"	1.6"	3.5"
